of the Newton Fair Housing Practices Committee to be "Sight-Seeing" Opp held on October 13th, at 9:00 p.m. at the Newton

Acting as chairman of this meeting will be Edward V. Hickey of West Newton, director of public relations and advertising at the Merchants National Bank, who is cur-rently producing and moderating a series of three TV pan-el discussions entitled "Think-ing Out Loud."

Preceding the meeting, the public is cordially invited to arrive early to view the schediled Nixon-Kennedy debate to be televised from 7:30-8:30 this same evening in the main hall of the Community Center at 429 Cherry Street, West New-ton. At 8:30 coffee will be served with the meeting fol-

owing promptly at 9:00.

Mr. Hickey will ask each at tending candidate to express his views on the following

1. Larger appropriations

EDWARD V. HICKEY

of funds for the Massachusets Commission Against Discrimination;

2. The ruling by the Attorney General that real estate brokers' offices are "places of public accmmodation" and therefore, brokers must observe the Fair Hous-

ing Practices Act of 1959;
3. Extension of the Fair Housing Practices Act to cover (a) rental of two and three family rental units and/or (b) sales and rentals of all houses and apartments.

If time allows, there will be a question period also.

Invitations to participate in this meeting have been sent to the two candidates for governor, Mr. Ward and Mr. Volpe; to the candidates for state senate, Mr. Melia, Mr. Silvano, Mr. Flanagan and Leslie Cutler; and to those seeking State Representative posts, Joseph Bradley, Alfred Guzzi, Irving Fishman, Richard Curley, George Rawson, John Whittemore, Arthur Heaney, and Lorenzo Muether.

It is hoped that most of these candidates for public office will avail themselves of this opportunity to make known their views on a topic of such importance in a democracy; and that the citizens of Newton will come to listen to ask questions and give thought to the vote they will cast in November.

Library Hours

Sometime ago you had a plea for a fair salary schedule for librarians. I am completely in favor of an increase. How ever, I believe that when salary adjustments are being considered, the library hours should be adjusted so that people can use the library on

Sundays.

It is hard enough for the students who have library work to do to try to squeeze it into their regular academic week and into Saturdays. However, the students who work on Saturday are at a loss to use the library as the Newton Library sees fit to close at six on Saturday night. They do not reopen until Monday which is school time again.

Newton boasts of its excellent school system and this implies facilities to supplement this high-ranking educational system. It would seem that the city is catering only to a segment of its population, namely, those on a high economic scale who own reference books and do not need to use a public library.

We and our friends use the Brookline Public Library on Sunday even though we feel we are intruding. Each time we wonder why other communities can meet this need and Newton is unable to do

Where You Save DOES Make a Difference

by don herold

The Easiest Way On Earth

Patience pays, if you can muster the self-denial to wait until you can pay cash. Interest charges run from 8% to 20% on installment purchases. Often they look like less, but the catch is, you may be paying interest on payments after you've made them.

One of the few things it is smart to buy on the "installments" is a home, because the rent you save helps pay for the home. Let Watertown Federal help you save in advance for most things, and help you save for a down-payment on your home, and then perhaps let Watertown Federal finance your home purchase.

LOOK WHAT DODGE HAS DONE FOR COMPACTS

The name, Lancer: one hardtop; one 2-door sedan; two 4-door sedans; two wagons. What kind of cars are they? This kind: two feet shorter; many pounds leaner; a couple of hundred dollars less in cost than usual automobiles. Lancer welcomes a family of six lavishly. Has plenty of trunk. Its fully-unitized body is very quiet, very tough. Lancer is also mannerly. It corners decisively, takes a well scarred road with aplomb. Parks obediently. More reasons to buy? Read on. The interiors are rich, but simple: Shed soil, wear well, feel good. The engine is highly spirited, but extremely light on regular gasoline. One more thing, Lancer is built by Dodge. Our

name is on it. This means Lancer will stay nice and shiny. How so?

The body is rustproofed by an exclusive Chrysler Corporation

process. Enough talk. Meet Lancer at your Dodge Dealer. Now.

#### THE CRUCIAL 10%

Last Friday, we were having dinner at the Simpson House. About half-way through our meal, one othe large tables in the center of the room emptied and six young people came in. The three women were dressed beautifully and the men were smiling: they made such an attractive group, they caught my eye.

While they were walking to the table, I couldn't help but notice the women's oufits — all very chic. Now that they were seated, the spell was broken — their smart outfits were no longer visible and they were fust ordinary! What a difference clothes make I thought — but then something else hit me: those women had spent a lot of money on their wardrobes and they were now hidden. All that remained visible were the head and shoulders and they were neglected. They just as well could have been wearing flour sacks for all the good their smart outfits were doing them.

When you come right down to it, how often do beautiful clothes remain in the limelight? Sitting in a chair or sphind a dining table, all eyes are on 10% of you! Doesn't it make good sense to invest in your Crucial 10%? Think twice about your new outfit and remember your Crucial 10%. It shows when everything else is hidden.

These days, a well-groomed face and hair are easy and pleasant to come by. One visit to our colorful saion will int only do wonders for your Crucial 10%, but will lift your spirits as well.

# RAMBLER ANNOUNCES STRONGEST GUARANTEE IN AUTO HISTORY

## LIFETIME GUARANTEE ON NEW CERAMIC-ARMORED **MUFFLER AND TAIL-PIPE STANDARD ON ALL'61 MODELS**

Born of space-age developments, Rambler announces on all 1961 models a new Ceramic-Armored muffler and tail-pipe guaranteed against defects for the lifetime of the car while in the hands of the original owner. This covers total replacement cost including parts and labor. Every '61 Rambler muffler and tail-pipe is completely covered with a special ceramic coating-similar to that used in rockets and missiles-to give lasting protection against rust and corrosion caused by water, salt and acids. Another Rambler first!

## 12-MONTH, 12,000-MILE WARRANTY EXTENDED TO ALL NEW RAMBLER OWNERS

Now Rambler extends to all new Rambler owners its comprehensive full-year or 12,000-mile warranty, whichever occurs first. In fact, this liberal warranty, announced to dealers more than a year ago, also covers total replacement cost including parts and labor. It applies to all 1961 Rambler models and to 1960 Ramblers still within the warranty period. The normal industry warranty covers only 90 days or 4,000 miles.

### Dressmaking Teens, Adults

The Newton Community Center has arranged for the services of Mrs. Marie B. Riccio who will conduct courses in dressmaking and allied subjects for teen-agers and adults during the Fall and Winter

Lessons will offer instruction in dressmaking, including cutting, fitting and finishng clothes for all ages, including children; use of sewing machines and attachments; and information about fashions, styles and choice of colors to enhance individual personalities.

Classes for teen-age girls taught by Mrs. Riccio during the summer months were very popular and most impressive clothes made by the girls were displayed at a fashion show at the end of the course.

Mrs. Riccio's experience in dressmaking, tailoring and teaching is extensive. She has been trained in designing, pattern drafting, advanced dressmaking and tailoring and has worked professionally on everything from raincoats to custom-made bridal cos-

## Jacquelyne Brown Is Bride of Mr. Alan Osborn Dann

Tapers decorated the pews, candlebra illuminated the chancel while bouquets of pom-poms and gladioli marked the family pews at the Central Congregational Church for the reent marriage of Miss Jacqueline Brown and Alan ( orn Dann.

Commander and Mrs. Walter Emil Brown of Newton and Mr. and Mrs. Walter Rowling Dann of Quaker Farms, Ox ford, Ct., are the couple's parents.

The Rev. Benjamin R. Andrews, Jr., assisted by the Rev. Randolph Seaman Merminister emeritus, Meredith, N. H., officiated at the 3 o'clock nuptial service. A reception followed at the Maugus Club in Wellesley

Escorted by her father, the bride's princess govn of ivory satin had a portrait neckline designed with an insert of Alencon lace, entraine.

Rhinestones and pearls fashioned the coronet which held in place her fingertip illusion veil. She carried a bouquet of white roses and cattleya orchids accented with ivy.

Mrs. Robert Treat Dann of Glen Ridge, N. J., was matron of honor. Miss Judith Hall Skinner of West Newton, Miss Amy S. Weadock of bridge, Miss Nancy S. Frail of Newton Centre and Miss Roxann S. MacDonough of Wethersfield, Ct., were the bridesmaids.

Miss Sarah Houston McGraw of Anniston, Ala., was hon-orary honor maid, while Mrs. John Sala of Aurora, Colorado, the bride's aunt, was honorar matron of honor.

#### Newton North Tackles Tough **Brockton High**

Newton North High definitely will be the underdog when defending Class A champion Brockton rolls into Dickinson Stadium Saturday for a 1:30

The Newton Citizens Committee will sponsor a rally in the interests of Thomas O'Connor, Mayor of Spring-field and the Democratic cannot be seen to be p.m. kickoff.

Six Brockton players scored touchdowns last weekend as Brockton entertained Springfield Tech and trounced them 52 to 6 at Brockton. The Red and Black scored touchdowns had to kick.

Newton North was outclassed last Friday afternoon as Cranston (R. I.) came up with a 12 to 6 victory. The passing For B'nai B'rith combination of quarterback Mario Pagano and halfback Paid-Up Members Don Dwyer clocked for two TDs in the third period.

Pagano hit Dwyer for 21 yards and the first score after a fumble recovery on the Newton 26. The pair clocked again on an 18-yard scoring play to climax a 35 yard march following a poor Newton punt. Pagano is a baseball pitcher and shortstop as well as a grid star.

Newton's lone touchdown also came in the final quarter. Fullback Charlie Nelson capped a 41-yard drive on a one yard plunge. The TD was set up when Newton end Gerry Marchand recovered a Cran-

ston fumble on the visitor's 41.
The Rhode Islanders had 11 first downs to Newton's two and gained 215 yards on the ground against 60 for Newton.

More space . . . more spunk and wagons, too!

Here's the new Chevy Corvair for '61 with a complete line of complete thrift cars. To start with; every Corvair has a budget-

pleasing price tag. And Corvair goes on from there to save you even more. With extra miles per gallon . . . quicker-thanever cold-start warmup so you start saving sooner . . . a new extra-cost optional heater that warms everyone evenly. Riding along with this extra economy: more room inside for you, more room up front for your luggage (sedans and coupes have almost 12% more usable trunk space).

And our new wagons? You'll love themthink they're the greatest thing for families since houses. The Lakewood Station Wagon does a man-sized job with cargo, up to 68 cubic feet of it. The Greenbrier Sports Wagon you're going to have to see-it gives you up to 175.5 cubic feet of space for you and your things.

Corvair's whole thrifty lineup gets its pep from a spunkier 145-cu.-in. air-cooled rear engine. Same rear-engine traction, same smooth 4-wheel independent-suspension ride. See the polished and refined 1961 Corvair first chance you get at your

Swim Classes For Girls At

at the Newton Y.M.C.A. when new classes begin tomorrow, October 7. Limited enrollment classes will assure quality instruction to the participants.

This will be the first of

eight-week units of instruction for elementary school girlseight years of age through the sixth grade. This year's improved program provides opportunity for small group in-struction at all levels of the national Y.M.C.A. Aquatic pro-

Enrollments are being ac cepted in all three classes of the first eight-week term. There is a Beginners' class for girls learning how to swim. In this class the girls will be improving fundamental skills of rotary breathing, flutter kick, and a feeling of confidence in the water until they can obtain the goal of a 60 foot swim in water over their head.

Girls holding an American Red Cross or Y.M.C.A. Begin-ners' certificate will be enrolled in the Minnow and Fish class. Basic elements of the backstroke and underwater swimming are introduced in the Minnow level. Sculling and diving are some of the features of the Fish level of instruction. Increased skill and confidence are demonstrated in swimming 100 yards using two

strokes. Advanced skills are taught in the third class for Flying Fish and Shark. Introduction of springboard diving, addition and longer distance swimming (440) yards highlight the pro-ficiency of skills to be achieved in this class

Additional information may La Mar at the Y.M.C.A., BI 4 6050.

#### **Newton South** Seeks Win Over Wakefield Team

Twice - defeated Wakefield High School entertains the ex-perience - lacking Newton South High grid team Saturday afternoon and the young local team hopes to get into the victory column for the first

time this season. Wakefield was beaten 30 to 8 by Reading and 18 to 14 by Concord on successive weekends and may prove a more even match for South High which lost 20 to 0 last Friday to a powerful Hingham High team at Hingham High Field. It was South High's second

game of its young history. South held Hingham on pretty even terms in the scoreless first period, but experi ence began to tell in the second quarter when Hingham scored

final quarter. hk and Centre, Halfback Dave Kersey scored two of the TD's, once on a 44. yard jaunt midway in the second period. Later quarterback Dave McIntyre climaxed a 57. The Newton PTA Council has designated next Monday evening (Oct. 17) for a city wide traffic safety meeting at Newton South High School in cooperation with the Registry of Motor Vehicles, the AAA

of the PTA Council's Committee on Health and Safety, said emphasis will be placed on the positive rather than the negative aspect of safety. Preliminary plans for Monday's meeting were outlined at a meeting of the PTA Council held last Thursday in the Division of Instruction building on Chestnut street, West Newton.

Alderman Joseph Bradley, Dr. Charles O'Neill, new prin-cipal of Weeks Junior High School and Dr. Roland Stein-metz, new head of the Claflin School, were among the approximately 50 persons who attended the Council meeting. Presiding was Jerome Gross-

#### Mulhern Cites Importance Of Civil Rights

"One of the great domestic issues in this nation today is an opportunity to talk with that of civil rights, despite the fact that great strides have been made toward gaining for all Americans their guarantees under the Constitution," Atty. Joseph J. Mulhern, Jr., candidate for the Congressional seat, de-

clared last night.
"In fact," stated Mulhern,
'civil rights is actually wider
than a domestic issue because it directly applies to the posi-tion the United States maintains in the eyes of the entire world." He cited the fact that many nations whose peoples strongly desire to align them-selves with the free, non-Communist world community of nations, "hesitate only because they question whether our country actually practises

the freedoms it preaches.
"Wherever the spokesmen of the United States sit down to map strategy for world peace," declared Mulhern, "we are too often handicapped by having thrown in our faces by peoples of Asia and Africa as well as Eastern Europe the fact that in America there still remains the vestiges of discrimination.

"It is significantly impor-tant," said Mulhern, "that in carrying out our foreign policy we face the rest of the world free from any suspi-sion of practicing intolerance and discrimination within our

own shores. "The Democratic national platform in 1960," stressed Mulhern, "has the strongest possible plank outlining our party's advances in the area of civil liberties as well as the course the next Democratic administration will pursue to wipe out the last traces of bigotry and denial of free

In this respect Mulhern, "I stand unalterably for winning complete recognition and unrestrained freedom for every American in the matter of every civil liberty. "It is not enough to talk of insuring these civil guaran tees as is the practice of the Republican Party," Mulhern stated. He asserted that the Democrats have always been in the forefront in the battle

"It was under the Demo-cratic Party's leadership that the first Fair Employment Practices Commission was es tablished in Massachusetts, just as it was under a na-tional Democratic administration in Washington that segregation in the armed forces was eliminated," Mulhern related.

for civil rights.

Mulhern said that in Massa chusetts racial discrimination in both public and private housing has been banished as a result of the Democratic Party's insistence that all groups be given equal consideration regardless of the col-or of their skin, the church in which they worship or the creed they follow.

"As a member of Congress representing a district com-prising virtually every ele-ment within this nation," said Mulhern, "I intend to work unremittingly toward the goal of complete and utter obliteration of the last blot on our national reputation - the remaining traces of bigotry and intolerance which work to deny some of our neighbors the civil rights we enjoy and

#### Foreign Aid Program Studied By Cong. Curtis

Congressman Laurence Curtis in speeches this week declared that one of the problems constantly before the House Foreign Affairs Committee, of which he is a member, involves the best way to aid the less developed peoples of the world and to prevent them from slipping into the Soviet orbit.

Curtis told of his on-the spot observations last fall when he traveled with several other members of the on a Study Mission to the Far East to view the results of our foreign aid program in Korea, Formosa, Southeast Asia and India.

"To have seen first-hand the results of our efforts in these areas was of inestimable value to the men who had the responsibility for appraising and developing further programs," Curtis stated.

He said the question of how best to help the people in less developed parts of the world achieve economic progress and a higher standard of living is a critical one for the United States and the free world "because the Soviet bloc nations are energetically trying to persuade these people that the course of economic salvation lies in following the Soviet example."

"The Soviet agents preach of peace, freedom, progress and prosperity, but cover up the fact that their system leads to enslavement," Curtis

"The free world cannot stand back and let these less developed peoples slip one by one into the Soviet orbit," he continued. "We cannot permit the balance of power to be on the Soviet side."

Congressman Curtis pointed out that this problem is con-stantly before the House Foreign Affairs Committee, on which he serves "the committee primarily concerned with foreign aid and with meeting the non-military ag-gression which now has the world in a turmoil and threatens the safety of our nation."

Referring to his observations during the Study Mission in Korea, Formosa, Southeast Asia and India, Curtis said that various types of programs have been tried in those

He said that our loans, grants and technical assist-ance have been used in some instances to build up capital facilities such as ports, roads and industries. Other projects Curtis related, are closer to the grass roots, involving such matters as community development and advising people on better methods of education, agriculture or sanitation.

All these efforts must be tactfully handled," Curtis stressed. "The interest of the local people must be aroused. The projects must be theirs, not ours. And they must recognize that we are there just to help, not to try to recast their lives in our own image."

Curtis reported that the Congressional Study Mission was impressed with the re-

# Political Highlights

John A. Volpe, the Republican nominee for Governor, is an Italo-American, and it would be reasonable to expect him to draw some support from Democratic voters of Italian origin. The big question is how much backing of that nature he will get and how deeply he will cut into the Democratic Italo-American vote.

In the case of the fight bestall and Mayor O'Connor for the seat Saltonstall now holds in the U.S. Senate, many thousands of Italo-Americans were no real criticism of it. bitterly disappointed when Gov-September primary.

#### Miss Lean and friend

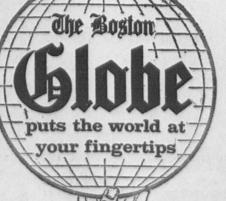

Miss Edith Lean of Commonwealth Avenue takes The Globe at home. She reads it

from front page to last every day of her life. She has found it a friend.

Miss Lean likes especially the Women's Pages of The Globe, and the other ladies who write interesting letters to The Confidential Chat. Some of their problems are not hers, but their sentiments most often are. Miss Lean reads faithfully John Harriman's column in The Globe's financial section, and she pays more attention than you might think to The Globe's complete stock tables, and other financial news. And these days she follows with great interest the reports on the Vice President and Mr. Kennedy. She refuses to read any more about Mr. Khrushchev. Sports are not her dish of tea.

One of the things Miss Lean likes most about The Globe is its tone of voice. The Globe has a friendly way about it, a person-to-person appeal. It does not cater to sensationhunters, and it does not muckrake. It is, Miss Lean says, a good newspaper. Join Miss Lean. Start to make friends with The Globe today.

The Rev. Ross Cannon and the Rev. Frederick Meek of Old South Church, Boston, were the officiating clergy-men. Following the 2 o'clock service there was a reception at the home of the bride's parents, Dr. and Mrs. Everett Duane Kiefer of 133 Highland street, West Newton.

Given in marriage by her father, the bride's imported French needlepoint brocade gown had a pure silk satin jacket and cathedral train.

Her fingertip illusion veil was attached to a jeweled princess crown. Her flowers were phalaenopsis orchids, stephanotis and minature yellow sweetheart roses.

The matron of honor was Mrs. Claude Battarel of West Newton. Bridesmaids included Mrs. Charles Platt 3rd of Southboro, Miss Olive Tibolt of Cohasset, Mrs. Richard Russell of Chestnut Hill and Miss Lynne Kiefer of West Newton, sister of the bride.

Everett Duane Kiefer Jr., of Newton was best man. The ushers were Richard Russell of Chestnut Hill, Charles Platt of Southboro, Warren Dillon of Norwell, Claude Bat-terel of Paris, France, John Waddel of West Newton and Gordon Kiefer of Belmont.

The couple are living in West Newton until January, when they plan to go by plane to Paris and Switzerland; then to Vienna, where they will make their home in Boosendorferstrasse.

While serving in this capacity he was influential in developing plans for the Federal program.

In 1954, Volpe directed the State DPW to make a highway needs study for the entire state. He presented the results to the Federal authorities and his presentation was so good that it became a model for other states which followed.

What kind of public works

commissioner was Volpe?
The answer is that Volpe was a hard-driving, imagina-tive commissioner who took into account human sensitivities. He initiated the policy of sitting down with community leaders — selectmen, mayors, highway officials — of those communities where highways were contemplated and ironing out problems prior to public hearings.

This action on his part saved many hours of wrangling and knitted a close bond of understanding between the Department of Public Works and local officials. Early this spring when Volpe started his drive for State Convention endorsement, he was pleasantly surprised when a selectman of that town, a Democrat, sat at head table with him at a GOP dinner and publicly praised him for his services to the state and to Plymouth as com-

#### Volpe Opposes Toll Road Plan

John A. Volpe made it plain this week that he will move to block the extension of the Massachusetts Toll Road through Newton if he is elected the next Governor.

Volpe declared that he will sponsor legislation providing for the construction of a free expressway from Weston to Boston if the voters place him at the head of the State gov-

ernment. The GOP gubernatorial no-minee expressed the belief that a freeway would be a bon to motorists whonow use congested route 9.

Newton, termed "unjustified" 97 percent of incumbent Councillor Abraham H. Kahalas' appointment approvals and scored him for his failure to vote on the controversial M.T.A. emergency measures during the past recent strike.

"While I do not claim to have a cure-all plan or plat-form for the many ills of the Commonwealth, I do intend to vote on all matters placed be-fore the Council," he said. "We have had enough of the proposals that are designed to benefit a small group or special interests while taking unfair advantage of others."

The 35-year-old GOP leader invited inspection of his voting record as Alderman in Newton and comparisons with that of

Women Voters' Discussions Spotlight Election Issues

"Election Issues for Massachusetts in the Sixties" is the subject for the opening discussion units of the Newton League of Women Voters, to be held on October 18, 19 and 20. The Voters Service Resource Committee, chaired by Mrs. Jordan Baruch and Mrs. Henry Shor, will present the issues, including a discussion of the referendum on the ballot, on an impartial basis with a view to lifting some of the confusion which confronts the Massachusetts voter today.

## Aldermen **OK Second** City Letter

The Newton Board of Aldermen has authorized the City to proceed with a second mailing to voters in connection with the pay referendum for fire fighters which will appear on the Nov. 8 election ballot. The letter, unless halted by a taxpayers' suit which might be brought in Superior Court, would be signed by the mayor and the city solicitor.

By a vote of 17 to 7, the Board on Monday night defeated an attempt brought by Alderman Joseph G. Bradley to reconsider its action of Oct. 3 for two mailings. Alderman Bradley, in support of his motion, contended the city had no authority to spend city funds to combat a referendum question. here are still some die-hards who do not yet own a television receiver.
What with the political conventions and elections, and particularly the momentous events being televised daily from the United Nations, I thought the last known hold-outs had succumbed to the "big eye" But last Saturday I uncovered what I believe to be the last televisionless home in this area. However, t quote the charming couple in question, they are not bragging about it anymore-in fact, I suspected i little self-consciousness attached to their admission of more frequent visits to their neighbors TV room.

I don't hold with the large amount of junk programs on TV— no more than I do with the similar problem in radio or the movies but the time has come for us to admit TV to its rightful place in our modern lives as a necessary and forceful means of mass com-munication. There must be some other way, short of total boycott, that we can bring to the attention of the networks the urgent need o better quality programs. I would be happy to receive any opinions you have on this matter.

In politics, sides in The Flobe

Now things are really starting to warm up in the Presidential race. Republicans are throwing charges at Democrats, and Democrats are tossing them right back. Fingers are being pointed, names named, claims made, statements denied. On these things will depend the next four years of your life. And just maybe the

existence of our whole nation. This is why you must read The Globe during the campaigns. You get all the facts in The Globe, and you get them straight. The Globe has no political leanings, no lop-sided,

down-the-line GOP or Democratic view of the race. Its only bias is in favor of good, complete, reporting. From on-the-scene Globe men like L. L. Winship, John Harris, Robert Healy and C. R. Owens. And from the women's side — Doris Fleeson, Mary McGrory and Eleanor Roosevelt. From no-nonsense analysts like Walters Lippmann, Joseph Alsop and Roscoe Drummond. From all the Globe writers. This is a year of decision for one of Newton's leading men's stores. The decision to give up our Newton Centre store and concentrate on our Newtonville store, came with dramatic suddenness. Even more startling is the plan to LIQUIDATE the entire inventory. The decision to sell the stock direct to the public, pieceby-piece, affects an inventory of men's clothing, sportswear and furnishings with a valuation in excess of \$200,000. A great many yesterdays went into making MANDELL'S one of the most respected names in men's wear retailing. The merchandise here is a "way of life... MANDELL'S customers know it well. Luxurious imports, the best in hand-made men's apparel, cashmere, shetland, worsted and flannel from Britain, France, Italy, and the prestige manufacturers of America . . . This is the merchandise you will find on sale at GOING OUT OF BUSINESS SALE PRICES! Most of the stock is current fall and winter arrivals ... all of it characteristic Mandell styling. If you only remembered one sale in your whole lifetime . . . THIS WILL BE THE ONE!

#### A Challenge . . . Let's Debate Man to Man

There comes a time, Contractor Volpe, when any sincere candidate must come down from behind his handpainted bill-boards, and in face-to-face debate, SPEAK FOR HIMSELF.

In 1960, Public Works Commissioner Volpe, the public will not vote for a man, who lacking the courage of his convictions, or afraid of public exposure of his past unsavory record, will not appear before them in public debate with

WBZ-TV, one of the nation's most outstanding television stations, offered an hour FREE TIME to both you and me to debate on the Kennedy-Nixon format and ground rules, or any other, as long as the rules included the right to reply.

I accepted for ANY time and under ANY conditions. You refused for ANY time and under ANY conditions. You refused for ANY time and under ANY conditions.

I CHALLENGE YOU NOW, CONTRACTOR AND CANDIDATE VOLPE, TO APPEAR WITH ME ON ANY PUBLIC PLATFORM OR IN ANY PUBLIC FORUM TO DEBATE THE ISSUES OF THIS CAMPAIGN.

What disclosures do you fear? Which questions won't you answer? Won't you defend your record as Public Works Commissioner before the people of Massachusetts?

Can't you answer my charges, that I can and will document that as Public Works Commissioner, contractor Volpe, you wasted and gave away millions of our tax dollars . . . that you gave out millions of dollars in contracts and outrageous consultant fees to your fellow contracting friends? Can't you explain the mystery of why you gave out a \$343,000 sweetheart contract without any competitive bid . . . a contract which the State Auditor said was illegal?

Don't you want to explain your political payoff as Public Works Commissioner to a former Beverly Building Commis-sioner who awarded your contracting firm a nearly two million dollar public building contract, despite the fact that you were not the low bidder?

What explanation do you have for agreeing to a private interchange road on Route 128 in Waltham which enriched a Republican real estate firm, against the advice of your Public Works Department engineers. Then you had the public pay for it, even though the REAL ESTATE SPECULATORS HAD AGREED TO PAY FOR IT, a private gift of yours without any apparent consideration of \$305,000 of the tax-payers money.

Don't you want to talk about lawn movers, station wagon rentals, allegations of your attempted bribery of the legis-

How can you, Contractor Volpe and Public Works Commissioner Volpe, clean house to enforce a code of ethics when violators can point to you and say, "Why John, you did the same thing."

of course, a MAN-TO-MAN debate has some disadvantages to me, because I would have to debate, NOT ONE, but TWO VOLPES. I would have to debate the Volpe who has long and publicly supported the SALES TAX and I would have to debate the Volpe, who as a candidate for Governor SAYS he is against the sales tax.

I would have to debate the Chamber of Commerce Volpe who in all Boston newspapers suggested that Boston City Hospital be closed... and the political candidate Volpe who denies he said it.

I will be happy to debate BOTH VOLPES. Contractor and Public Works Commissioner Volpe, if you are ashamed of your Party . . . if you want the people to VOTE THE MAN, then let's debate . . . MAN-TO-MAN.

I await your reply. The people of Massachusetts await your reply.

Congressman observed that the U. N. is clearly growing in strength and that the meeting of representatives of nearly 100 nations, many of them newly freed, sitting around the council table, was "an historic occasion, indicating that world cooperation is becoming a concrete fact of international life."

'The results of this meeting have shown that Ameriican foreign policy is on the right track and is producing results," Congressman Curtis told his listeners. "Doubtless improvements are possible, and you may be sure that the Foreign Affairs Committee is working to help bring about improvements.

Curtis asserted that the American people should not feel that the increase in world tensions which Khrushchev has the capability to engineer is an indication of a failure in American foreign policy.'

"Even the most high-minded and peacefully inclined person cannot always prevent some hoodlum from picking a fight with him," Curtis declared.

"President Eisenhower made a fine, dignified appearance, and the United States certainly stood by the free world," Curtis continued.

"United States prestige is high," he emphasized.

Congressman Curtis said the cause of disarmament was advanced by Prime Minfor a technical study of controls needed for step-by-step disarmament.

He indicated he was impressed by the speech made by Israel's foreign secretary, Mrs. Golda Meir, in which she voiced approval of McMillan's proposal and urged that the technicians be given a limited time of three to six months, during which there would be a complete moratorium in cold war words and deeds and in which the cold war would be allowed to cool off.

(Massachusetts Heart Ass'n) What effect do New England winters have on the heart?

In a search for the answer to this question, two researchers caused minor "snowstorms" during the hottest days of the summer at Peter Bent Brigham Hospital, and volunteers escaped the hu-midity by breathing air cold as 30 below zero, in a Heart Fund study of the effect of cold air upon angina and chest patients.

The investigation, conducted by Drs. Roe E. Wells, and James E. C. Walker, confirmed the belief — comforting to angina patients — that they do not suffer while sitting still in cold air unless there is also chest involve-

But the story was different for chest patients; even with simple bronchitis they find cold-air breathing a burden, ists the burden is an extreme

This takes on added significance when one realizes that 95 per cent of the na-tion's population is at times exposed to freezing weather, and the incidence of heart and respiratory disease is unusually high in this group.

Because two-thirds of sons with chest disease fall ill in cold weather, the doctors now are investigating to determine the effect of wintertime exercise - as for instance, brisk walking or snowshoveling — has upon such persons. Thus far, it suggests that spasm of the bronchial tree when cold is inhaled increases the work of breathing.

They are seeking to learn whether the extra energy used by the body in cold weather directly affects heart function or whether the effect on the heart comes indirectly, from the extra work performed in breathing cold air.

An ingenious mechanism, involving a heat exchanger, an old automobile radiator and a large fan to blow icy blasts across a volunteer's head and chest at 20 miles an hour, is used in the research. scientists devised their own thermo-couples, 25 to 100 times faster than commercial products, thinner than a human hair and capable of registering a 100 degree temperature swing in less than half a second, to get

quick and accurate results No discomfort is involved in breathing cold air directly through a mouthpiece, cause the mouth and wind-pipe constitute the world's finest air conditioner, capable of transforming air to room temperature in the sh journey from lips to chest. the short

It was found that Isopro-ternol, a dilator, can open tubes constricted by cold, and after patients subjected to low temperatures are sprayed with it, most suffer no hardship upon being placed in, or breathing, cold air again.

Counsel for a group of Newton taxpayers announced today he would carry the fight to the State

sending a second mailing to

voters on the firefighters' pay raise referendum.

The petition for an in-

junction against the pro-

posed second mailing is returnable this morning (Thursday) at 10 o'clock

before Judge Edward J. Voke in Middlesex Superior

The legal tangle stems from efforts of Newton fire fighters to obtain a \$500 annual pay raise, from \$5000 to \$5500,

which would bring it up to the rate in Boston and other com-

munities. The question will be on the Nov. 8th ballot in the

this mailing, as it is in ac-cordance with the statutes.

#### Kennedy Pulling Ahead In Race for Presidency

Senator John F. Kennedy now appears to be pulling ahead in the Presidential race.

That is the judgement of the experts and analysts who are striving to piece together in a giant political puzzle the reports on voting trends and the results of

surveys from the 50 States. This appraisal seems to be substantiated by the attitudes, actions, and statements in the rival camps of the two candidates for the Presidency.

#### Bowen Thrift Shop To Open On Wednesdays

The new Bowen Thrift Shop will henceforth be open for business on Wednesday afternoons from 1:30 to 3:30 p.m. not on Mandays as originally announced. This change of schedule has been made because other thrift shops in the area are traditionally open on Wednesday and because many patrons wish to vist all the thrft shops on the same day.

The Bowen Thrift Shop is located in the basement of the school at 280 Cypress Street, Newton Centre. It operates by accepting second hand mer-chandise from local citizens, selling it for them, and returning to them 80 per cent of the sale price. Although the shop handles many items, at present it is specializing in uniforms for various youth groups, winter clothing and sports equipment, juvenile furniture and toys, and women's

jewelry. Spark plug behind the Thrift Shop is Mrs. Theodore Weisman, chairman of the Ways and Means Committee of the Bowen School P.T.A. She and her committee of volunteer mothers have already made the new Bowen Thrift Shop an established and successful operation. All proceeds will be used by the P.T.A. for the benefit of the school.

There's a consistency about the buildings constructed by the firm John A. Volpe established back in the depths of the depression. They are meticulous as to detail. They give a feeling of durability. There is

Any man could be proud of such a record. Most would be satisfied to have but one or two of these buildings to remain as a monument to his creative ability. Yet in the 27 years of his building career John Volpe has felt a duty to give his time, his talents and his integrity to public service.

At the start of World War II the John A, Volpe Company was called upon to carry out the construction of a \$1,500,-000 defense housing project at Bath, Maine. It was nearly completed when the head of the firm did an amazing thing. With his key associates fol-lowing suit, he joined the Navy to serve for the duration of the

Volpe entered the service as a lieutenant junior grade. He was assigned to the Seabees. For three years he prepared tradesmen-turned-sailors for some of the most difficult tasks on far-flung war fronts; he also trained officers to direct their operations.

After the war he picked up where he left off-building colleges and schools, hos-pitals and churches, commercial and military structures. That is, he did until March,

1953. Governor Christian A. Herter wanted someone to head the State Department of Public Works — someone with knowledge, experience and integrity. He asked John Volpe to take the job. When John Volpe took over the operation of the DPW, with his characteristic drive for getting things done, the routine of the Commissioner's office was slightly changed. The hours of many work days ran from 6:45 A.M. to somewhere around midnight. On top of that, the three

and one-half years he spent in office were complicated by one tornado; two hurricanes and a series of floods which ern section of the State. The Legislature appreciated the titanic task posed to the DPW by nature's perverse moods. It appropriated \$55 million to meet part of the bill for the restoration of normalcy.

#### Out Of Darkness

Local parents are advised to costume their little tots for life this Hallowe'en.

Youngsters celebrating this annual feast of gnomes and goblins will thrill to their imagery of the make-believe world of witches and ghosts.

However, it is well to remember that Daylight Saving ends on Sunday thus bringing an earlier dusk and darkness to the Monday Hallowe'en scene.

Our little children should be seen but not hurt on Hallowe'en. Their dark costumes will fade into the shadows and the ability of motorists to see the tiny celebrators will be greatly handicapped.

Every driver must be on the watch and be extremely alert, but parents also must co-operate by providing either light-colored garments or some reflective of the campaign could send it material to alert motorists.

Hallowe'en is an exciting night for youngsters, and grownups don't want to spoil their fun or involve them in traffic accidents. It is advisable for an adult to accompany the young goblins, and it is mandatory for every driver to guarantee their safety.

Injury or death can roar out of the darkness. There are highway Hallowe'en hazards this year. Be on guard.

## Political Highlights

While they are putting up a brave front, conceding nothing and making optimistic predictions, top spokes-men, in the travelling Nixon headquarters talk and act as if they realize that things are not going well for their man.

One spokesman for the Vice President, for example, declared this week that Nixon can win even if he does'nt carry New York State.

That can only be construed as tacit recognition of the mounting belief that Kennedy will carry the Empire State and its big block of electoral votes.

A poll by the New York Daily News, which back through the years has gained a reputation for its accuracy, has revealed a distinct trend for Kennedy in New York State and has indicated that Kennedy will carry the State by a substantial margin.

One thing which might conceivably change the complexion of the Presidential battle is a move by President Eisenhower to campaign forcibly in defense of his own administration which has come under strong attack from Kennedy. Ike just might turn the tide.

#### Bay State Democrats Harassed by Problems

If things are on the upswing for the Kennedy-Johnson ticket throughout the nation, they aren't so bright for the members of the Democratic State ticket here in Massachusetts. Problem has filed upon problem for the top Democrats standing for election in the Bay State.

So much money is going out of Massachusetts to help finance Kennedy's campaign in New York, Pennsylvania, Ohio and other pivotal states across the nation that Democratic office-seekers on the home front are finding it difficult to dig up the contributions needed to

This is a year of decision for one of Newton's leading men's stores. The decision to give up our Newton Centre store and concentrate on our Newtonville store, came with dramatic suddenness. Even more startling is the plan to LIQUIDATE the entire inventory. The decision to sell the stock direct to the public, pieceby-piece, affects an inventory of men's clothing, sportswear and furnishings with a valuation in excess of \$200,000. A great many yesterdays went into making MANDELL'S one of the most respected names in men's wear retailing. The merchandise here is a "way of life . . . MANDELL'S customers know it well. Luxurious imports, the best in hand-made men's apparel, cashmere, shetland, worsted and flannel from Britain, France, Italy, and the prestige manufacturers of America . . . This is the merchandise you will find on sale at GOING OUT OF BUSINESS SALE PRICES! Most of the stock is current fall and winter arrivals . . . all of it characteristic Mandell styling. NOTE: This LIQUIDATION is confined to MANDELL'S Newton Centre store only...MANDELL'S Newtonville store will sell their merchandise at exactly the same sale prices as the Newton Centre store, because both stores carry identically the same brands of men's apparel and also, because both MANDELL stores are only a few miles apart. Obviously, we couldn't sell a \$75 well known brand name suit for \$44 at our Newton Centre store and sell that same suit in the Newtonville store at the original \$75 price. That's why the sale prices at both stores, will be the same ... All charge accounts are suspended until further notice. All sales are for cash.

## You're right in the middle of things in The Globe

How are the Patriots doing? What does the quarterback say in the huddle to the end who gets out behind the safety man and then drops the pass? Is Harvard really loaded this year? How does it feel to be hit - and knocked spinning - by one of the human tanks they call a running guard?

You know the answers when you read The Globe. Because Globe writers and Globe photographers take you right down on the field, so close you can almost feel the slap of the padding and hear the grunts when the linemen charge. Globe sportswriters like Cliff Keane and John Ahern and Fran Rosa are football fans and they write for fans. Whether you follow the schoolboys, the pros, or the colleges, you'll follow them best in The Globe. And, of course, you get a complete, separate pull-out Sports Section. It's all yours.

## Newton Couple Exchange Vows Recently at Wellesley Church

Among the many brides to choose summer weddings was Miss Judith Sylvia Ernst, whose marriage to Donald Banfield Raymond took place recently at St. John's Church in Wellesley.

The couple's parents are Mr. and Mrs. Karl L. Ernst of 28 Clearwater road, Newton Lower Falls, and Mr. and Mrs. Kenneth L. Raymond of 41 Wedgewood road, West

Father McDonough officiated at the 3 o'clock cere-mony at which two rings were exchanged. A reception was held at the Charter House Motor Hotel in Waltham. Ernst escorted his

daughter, who wore a south-ern-belle styled gown fash-ioned of Chantilly lace over net and satin. Her fingertip illusion veil

was caught to a circlet of orange blossoms. She carried cascade of stephanotis, daisies and ivy centered with a single white orchid. The bride's cousin, Mrs.

Phyllis Lynch of Tewksbury, was matron of honor. Mrs. Helen Richardson of West Acton was bridesmaid, while the bride's sister, Miss Gret-chen E. Ernst of Newton Lower Falls, was junior bridesmaid.

The bridegroom's brother, Kenneth L. Raymond served as best man.

Lewis Tedstone and Paul E. Ernst, brother of the bride, were ushers.

After a trip to the Pocono Mountains, the bride and groom are at home at 16 Summit street, Newton.
